Dear Friends.

Nov 2022

Greetings in the Name of our Lord Jesus Christ.

Thank you for your prayers and financial support. We do appreciate the sacrificial giving and prayers of the saints.

In September we had a men's and ladies breakfast. A young adult man with suicidal issues attended the breakfast. We are glad to report that he accepted Christ in at our evening service in November. Please pray for his growth and walk with the Lord. We have started a discipleship with him.

In October we had our second Friend day and a tract drive. A student who studies in Paarl Jeandro Beukes, Samantha Janjala and Tamsin made sure of their salvation. Please pray for their growth that they become steadfast in the walk with the Lord.

Bible school with Bro Matthew continues Thursday evenings. We are working through our doctrine study and homiletics. The Sunday school continues to see more children come. We had to split the children into two classes. The creche space is limited and we are running our adult Discipleship class during our Sunday school hour before the service. We are thankful for the privilege to minister and see the Lord at work in the ministry here.

The creche has undergone some renovations. They are also allowing others to make use of the facility now. That poses some challenges for us. Please pray that we work around these challenges and that their decision not affect what we seek to do for the Lord. Thank you for praying for us.

For Christ and His Glory Always.

Love, Miles & Shirley Schilder.
